OCTOBER-NOVEMBER 2016

Enjoy the 250 photos from 15 years in European collaboration - [here](#) ☺

Opening the Doors in **Porto**

The *Opening the Doors* partners met in Porto in September to continue struggling towards building capacity among youth workers and NEET youth to take real-life action to change the dead-end situations of the young people.

Website coming up - if you wish to know more about the project, you can join the project's open BaseCamp; send your email address to:

Anna Casas - anna.valldelterra@gmail.com

Senior Social Entrepreneurship kicked-off

The newly granted Erasmus+ project will respond to the strong invitations from the Commission to mobilise seniors for social change and social innovation - and build capacity among groups of local seniors to do so. The project is at the same time building up resources to a higher-level EaSI initiative to follow the project.

The project was kick-off in Aarhus Denmark in October and is coordinated by the Municipality of Aarhus.

Curious? - Ask for more information and get a first impression [here](#)...

Senior brokering in **Roma**

The 30 months Erasmus+ *NEET U* project met in Roma in October to go deeper into the meaning of "senior brokering to bring about social change for NEET youth" - and to take the first steps to plan the important 5 days mobility in Barcelona.

It takes considerable effort to develop entrepreneurial brokering mentality among adult educationalists and seniors.

Follow the project [here](#)...

Erasmus+ **2017** initiatives

WWEU is now planning our Erasmus+ 2017 initiatives, in particular:

Open Science Schooling - community based science learning

Managing Dementia - for families and care takers

The Unteachables - what to do about the new digital generations?

EntreComp Youth - how can the new EntreComp be made relevant to young people in non-formal contexts?

You can read a first description of the initiatives [here](#).

Strong co-drivers of the initiatives are welcomed - curious, just ask ☺

empowerWOMENT granted

The entrepreneurial project for start-up women was approved by the Turkish National Agency in September and is coordinated by the Ankara Provincial Directorate of Family and Social Policy. The project wishes to support start-up women through creating strong local eco-systems of entrepreneurial resources in the participating communities. The project will be kicked-off in Portugal in January.

Get a first impression of the project [here](#)...

Working with Europe: **Mission Based Learning**

Working with Europe has along the last 4-5 years developed a new vocabulary to capture the essence of the new educational orientations, invited by the Commission and key research.

The vocabulary includes concepts such as "capacity building", "community brokering" and... "real-life and real-time missions"

A good introduction is the paper [Mission Based Learning](#)...

collaboration

Should you wish to collaborate with *Working with Europe* or use us as a driver of new innovative European initiatives, or wish to build European capacity in your organisation, you are welcome to invite us to a dialogue.
