AUGUST EXTRA 2016

The brief news updates from *Working with Europe* simply aims to offer a short view on our present work and its perspectives.

This Newsletter is an extra one sharing with you the good results of the 2016 Erasmus+ evaluations of applications co-created by *Working with Europe*.

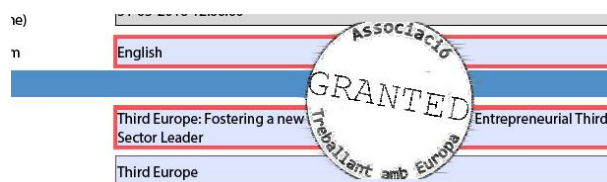

We wish to thank our many good partners from across Europe for contributing to this very successful Erasmus+ 2016.

You can read summaries of the new projects [here!](#)

erasmus+ **Third Europe** granted

The project creates a strategic partnership among organisations dealing with Third Sector management and leadership in the European Countries. The project is missioned to transform current training in Third Sector management into a quality leap to **Entrepreneurial Third Sector Leadership**.

The project duration is 30 months and the partner countries involved are from: United Kingdom, Spain, Croatia, Austria and Belgium.

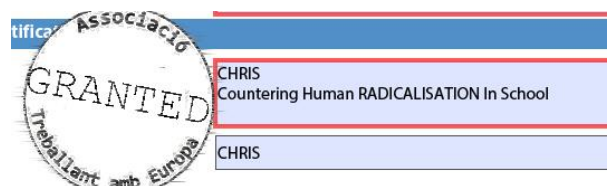

erasmus+ **Sport Entrepreneur** granted

The project will aim to create **sport entrepreneurial capacity** building for youth workers and young sport entrepreneurs in 7 very different countries and through a capacity building model inspired by 21st century didactics and powerful capacity building mechanisms in virtual gaming.

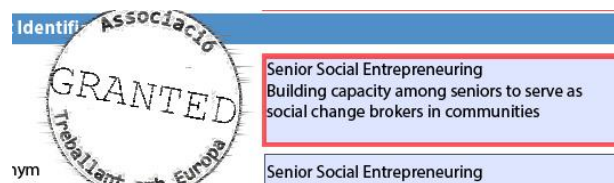

erasmus+ **CHRIS** granted

The Erasmus+ CHRIS project was granted in July. The project will develop innovative and youth-driven strategies to **counter radicalisation** in school. The project is coordinated by University College Zealand in Denmark. The project is expected to be followed by the CHRIS Community project.

the erasmus+ **Senior Social Entrepreneur** granted

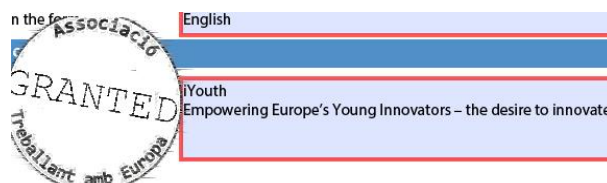

The project will create capacity among experienced seniors to drive **bottom-up social innovation** in their communities, and with a strong view to create cross-sector partnerships to accomplish such missions. The project is coordinated by the City of Aarhus.

erasmus+ **iYouth** granted

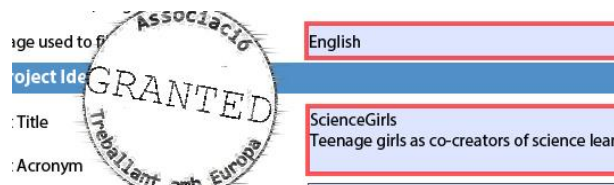

iYouth - Empowering Europe's Young Innovators - the desire to innovate!

The iYouth project forms part of the Commission's Empowering European's Young Innovators Agenda through its contributions to the exploration of how to, in practice, **foster innovation interest** among young people.

ScienceGirls granted

ScienceGirls coordinated by Furness UK aims to contribute to the **Science Learning Innovation Agenda** through practical experimentation in secondary school, and guided by Commission recommendation and by guidelines from leading science learning research communities. The project aims impact on science learning in schools re-defining it's to appeal to the young generations.

collaboration

Should you wish to collaborate with *Working with Europe* or use us as a driver of new innovative European initiatives, or wish to build European capacity in your organisation, you are welcome to invite us to a dialogue.
